

Hazel Grove Golf Club's

Lifestyle Membership

How does it work?

Players will be allocated 100 points at the start of their membership. They will then book a tee time using BRS and depending on the day / time the ProShop will deduct a certain amount of points from their account (see table to the right). The membership will run for a year from the day you sign up till that time next year. Any points remaining will be added to the following year if you decide to renew. However gap years will result in the points being removed.

About the Membership

- £450 + £20.25 union fees
- No Joining Fee
- Allocated a Bar card that offers a 15% discount on drinks
- Access to all facilities
- Limited competition access

Terms and Conditions

If a member wanted to upgrade from this scheme to a full membership without the joining fee then they need to be either on the lifestyle membership scheme for at least 2 years or an existing member that switched to the lifestyle and wants to move back to a full membership. Once all a members points are used up they will have to renew for 450 even if it's in the same year.

What is it?

Our lifestyle membership is an in club equivalent to the Playmore Golf scheme.

Why the change?

PMG was hard to manage from a clubs point of view and didn't allow players to enter competitions. Our new scheme will allow us to be in control and offer more opportunities for the members.
